# CIRCULATION

VOLUME XXXIX

January-June 1969

No. 1 (January)

## EDITORIALS:

**The Syndrome of Apical Systolic Click, Late Systolic Murmur, and Abnormal T Waves.** Mary Allen Engle ..... 1

**Angiotensin and the Stouffer Prize.** Irvine H. Page and James W. McCubbin ..... 3

## ORIGINAL ARTICLES:

**Immunological Tolerance in Organ Transplantation: Fair Prospect or Fanciful Folly?** G. J. V. Nossal ..... 5

**Catheter Technique for Recording His Bundle Activity in Man.** Benjamin J. Scherlag, Sun H. Lau, Richard H. Helfant, Walter D. Berkowitz, Emanuel Stein, and Anthony N. Damato ..... 13

**Rapid Sequential Visualization of the Heart and Great Vessels in Man Using the Wide-Field Anger Scintillation Camera: Radioisotope-Angiography Following the Injection of Technetium-99m.** Dean T. Mason, William L. Ashburn, John C. Harbert, Lawrence Sanford Cohen, and Eugene Braunwald ..... 19

**Cardioversion and Digitalis: IV. Effect of Beta Adrenergic Blockade.** Stephen M. Wittenberg and Bernard Lown ..... 29

**Hemodynamic Effects of Glucagon in Patients with Heart Disease.** John F. Williams, Jr., Richard H. Childress, Jerold N. Chip, and John F. Border ..... 38

**Diminished Baroreflex Sensitivity in High Blood Pressure.** J. David Bristow, A. John Honour, George W. Pickering, Peter Sleight, and Harley S. Smyth ..... 48

**Hemodynamic Effects of Hypovolemia in Normal Subjects and Patients with Congestive Heart Failure.** R. H. Murray, L. J. Thompson, J. A. Bowers, E. F. Steinmetz, and C. D. Albright ..... 55

**Immediate Hemodynamic Response of Patients with Atrioventricular Block and Cardiac Failure to Transvenous Pacing.** Fredarick L. Gobel, Jose R. Medina, Clarence A. Guenter, and Yang Wang ..... 64

**Computer Diagnosis of Biventricular Hypertrophy from the Orthogonal Electrocardiogram.** Raul Gamboa, Jack D. Klingeman, and Hubert V. Pipberger ..... 72

**Complete Repair of Transposition of the Great Arteries with Pulmonary Stenosis: A Review and Report of a Case Corrected by Using a New Surgical Technique.** G. C. Rastelli, Robert B. Wallace, and Patrick A. Ongley ..... 83

(Continued)

<b>Corrected Transposition of the Great Vessels in a 73-Year-Old Man.</b> Alan D. Liebersohn, Richard R. Schumacher, Richard H. Childress, and Pasquale D. Genovese .....	96
<b>Post-Traumatic Aneurysm of the Left Ventricle.</b> Duncan A. Killen, Walter G. Gobbel, Jr., Richard France, and Vernon A. Vix .....	101
<b>Dysplasia of the Systemic and Pulmonary Arterial System with Tor- tuosity and Lengthening of the Arteries: A New Entity, Diagnosed During Life, and Leading to Coronary Death in Early Childhood.</b> Alois J. Beuren, Waldemar Hort, Heinrich Kalbfleisch, Helmuth Müller, and Joachim Stoermer .....	109
<b>Lymphopercardium with Hypoproteinemia, Intestinal Loss of Protein, and Congenital Defects of the Lymphatic System.</b> F. G. J. Offerijns, K. J. van der Veen, D. Durrer, and B. G. Ziedses des Plantes .....	116
<b>Differential Uric Acid Excretion in Essential and Renal Hypertension.</b> Norman M. Simon, Jon E. Smucker, Vincent J. O'Connor, Jr., and Francesco del Greco .....	121
<b>Thermistor Recording of Forehead Skin Temperature as an Index of Carotid Artery Disease.</b> Margaret C. Conrad, James F. Toole, and Richard Janeway .....	126
<b>Temperature of the Great Toe as an Indication of the Severity of Shock.</b> Henri R. Joly and Max Harry Weil .....	131
<b>A Study of Hemodynamics and Coronary Blood Flow in Man with Coronary Artery Disease.</b> George G. Rowe, James H. Thomsen, Roger R. Stenlund, David H. McKenna, Salvador Sialer, and Robert J. Corliss .....	139
<b>NEWS FROM THE AMERICAN HEART ASSOCIATION .....</b>	149

## No. 2 (February)

**EDITORIAL:**

<b>The Urokinase-Pulmonary Embolism Trial.</b> Peter N. Walsh, James M. Stengle, and Sol Sherry .....	153
--	-----

**ORIGINAL ARTICLES:**

<b>Effects of Propranolol and Isosorbide Dinitrate on Exercise Perfor- mance and Adrenergic Activity in Patients with Angina Pectoris.</b> Dennis J. Battock, Hector Alvarez, and Charles A. Chidsey .....	157
<b>Acute Metabolic Responses to Myocardial Infarction: Changes in Glucose Utilization and Secretion of Insulin and Growth Hormone.</b> Harold E. Lebovitz, Kirkwood T. Shultz, Minor E. Matthews, and Richard Scheele .....	171
<b>Type II Hyperlipoproteinemia in Mother and Twins.</b> Gerald B. Lee, Gregory A. Culley, Maren J. Lawson, Leon L. Adcock, and William Krivit .....	183
<b>Permanent Pacing in the Absence of Heart Block: An Approach to the Management of Intractable Arrhythmias.</b> John H. Hornbaker, Jr., J. O'Neal Humphries, and Richard S. Ross .....	189
<b>Effect of Ventricular Extrasystoles on Closure of Mitral Valve.</b> Russell A. Vandenberg, John C. P. Williams, Ralph E. Sturm, and Earl H. Wood .....	197

(Continued)

# CONTENTS OF VOLUME XXXIX

v

<b>A Reproducible Model of Cardiogenic Shock in the Dog.</b> S. Lluch, H. C. Moguilevsky, G. Pietra, A. B. Shaffer, L. J. Hirsch, and A. P. Fishman .....	205
<b>Pharmacodynamic Effects of a New Antihypertensive Drug, Catapres (ST-155).</b> Gaddo Onesti, Allan B. Schwartz, Kwan E. Kim, Charles Swartz, and Albert N. Brest .....	219
<b>Spatial Parameters and Shape Factors of the Normal Atrial Vectorcardiogram and Its Scalar Components.</b> Daniel A. Brody, John W. Cox, Ann B. McEachran, Hannelore H. Giles, and Victor J. Ruesta ..	229
<b>Analysis of the Orthogonal Electrocardiogram and Vectorcardiogram in Ventricular Conduction Defects With and Without Myocardial Infarction.</b> Mervin J. Goldman and Hubert V. Pipberger .....	243
<b>Congenital Heart Disease in Taiwan, Republic of China.</b> Mary K. M. Shann .....	251
<b>Effect of Reserpine in Raynaud's Phenomenon.</b> Hermes A. Kontos and Albert J. Wasserman .....	259
<b>BOOK REVIEWS</b> .....	267
<b>NEWS FROM THE AMERICAN HEART ASSOCIATION</b> .....	271

No. 3 (March)

## EDITORIALS:

<b>Mobile Coronary Services.</b> Knight Steel, James K. Cooper, and Samuel M. Fox, III .....	279
<b>Whither Cardiac Work Evaluation Units?</b> George A. Hellmuth .....	283

## ORIGINAL ARTICLES:

<b>Study of Atrioventricular Conduction in Man Using Electrode Catheter Recordings of His Bundle Activity.</b> Anthony N. Damato, Sun H. Lau, Richard H. Helfant, Emanuel Stein, Walter D. Berkowitz, and Stafford I. Cohen .....	287
<b>A Study of Heart Block in Man Using His Bundle Recordings.</b> Anthony N. Damato, Sun H. Lau, Richard Helfant, Emanuel Stein, Robert D. Patton, Benjamin J. Scherlag, and Walter D. Berkowitz .....	297
<b>Nonrheumatic Mitral Insufficiency: Determination of Operability and Prognosis.</b> Martin Klughaupt, M. D. Flamm, E. William Hancock, and Donald C. Harrison .....	307
<b>The Hemodynamic Results of Instrumental and Digital Valvotomy in Patients with Mitral Stenosis.</b> F. L. Gobel, D. J. Andrew, J. M. Wither- spoon, R. C. Lillehei, A. Castaneda, and Yang Wang .....	317
<b>The Familial Occurrence of the Syndrome of Mid-Late Systolic Click and Late Systolic Murmur.</b> William E. Shell, Joseph A. Walton, Mary E. Clifford, and Park W. Willis, III .....	327
<b>The Relationship of Increased Left Atrial Volume and Pressure to Abnormal P Waves on the Electrocardiogram.</b> Irwin Kasser and J. Ward Kennedy .....	339
<b>Increased Sympathetic Nerve Activity Following Resection of Coarctation of the Thoracic Aorta.</b> McC. Goodall and W. C. Sealy .....	345
(Continued)	

<b>Exercise and Intermittent Claudication: Blood Flow in the Calf Muscle During Walking Studied by the Xenon-133 Clearance Method.</b> Joseph S. Alpert, O. Andrée Larsen, and Niels A. Lassen .....	353
<b>A Hemodynamic Comparison of Dopamine and Isoproterenol in Patients in Shock.</b> Robert C. Talley, Leon I. Goldberg, Charles E. Johnson, and John L. McNay .....	361
<b>Sequential Cardiorespiratory Events During and After Dextran-40 Infusion in Normal and Shock Patients.</b> Patricia A. Mohr, David O. Monson, Cynthia Owczarski, and William C. Shoemaker .....	379
<b>Measurements and a Simplified Interpretation of Magnetocardiograms from Humans.</b> David Cohen and Louis Chandler .....	395
<b>REVIEW ARTICLE:</b>	
<b>Overweight and Hypertension: A Review.</b> Benjamin N. Chiang, Lawrence V. Perlman, and Frederick H. Epstein .....	403
<b>BOOK REVIEWS</b> .....	423
<b>NEWS FROM THE AMERICAN HEART ASSOCIATION</b> .....	427

## No. 4 (April)

**EDITORIALS:**

<b>How Many? Or One Good Question Deserves Another.</b> Richard D. Remington .....	431
--	-----

**ORIGINAL ARTICLES:**

<b>Recording of Specialized Conducting Fibers (A-V Nodal, His Bundle, and Right Bundle Branch) in Man Using an Electrode Catheter Technic.</b> Anthony N. Damato, Sun H. Lau, Walter D. Berkowitz, Kenneth M. Rosen, and Kenneth R. Lisi .....	435
<b>Digoxin Metabolism in the Elderly.</b> Gordon A. Ewy, Geeta G. Kapadia, Linda Yao, Muriel Lullin, and Frank I. Marcus .....	449
<b>Dynamic Changes in Left Ventricular Free Wall Thickness in the Human Heart.</b> Leslie M. Eber, Harvey M. Greenberg, John M. Cooke, and Richard Gorlin .....	455
<b>Korotkoff Sounds: Observations on Pressure-Pulse Changes Underlying Their Formation.</b> Morton E. Tavel, James Faris, William K. Nasser, Harvey Feigenbaum, and Charles Fisch .....	465
<b>Sound-Pressure Correlates of the Aortic Ejection Sound: An Intracardiac Sound Study.</b> Arthur V. Whittaker, James A. Shaver, Samuel Gray, III, and James J. Leonard .....	475
<b>The Effect of Intracardial Pacemaker Therapy on Cerebral Blood Flow and Electroencephalogram in Patients with Complete Atrio-ventricular Block.</b> I. A. Sulg, S. Cronqvist, H. Schüller, and D. H. Ingvar .....	487
<b>Autopsy Findings with Permanent Pervenous Pacemakers.</b> Stanley J. Robboy, J. Warren Harthorne, Robert C. Leinbach, Charles A. Sanders, and W. Gerald Austen .....	495
<b>The Hemodynamic Response to Chronic Anemia.</b> Martin Duke and Walter H. Abelmann .....	503

(Continued)

<b>Maximal Treadmill Stress Testing for Cardiovascular Evaluation.</b> Myrvin H. Ellestad, William Allen, Maurice C. K. Wan, and George L. Kemp .....	517
<b>Limitations in the Feasibility of Pulmonary Embolectomy: A Clinicopathologic Study of 101 Cases of Massive Pulmonary Embolism.</b> Ray W. Gifford, Jr., and Laurence K. Groves .....	523
<b>The Anatomic Basis for High-Frequency Components in the Electrocardiogram.</b> Nancy C. Flowers, Leo G. Horan, J. R. Thomas, and William J. Tolleson .....	531
<b>The Coronary Arteries in Early Life in Three Different Ethnic Groups.</b> Zeev Vlodaver, Harold A. Kahn, and Henry N. Neufeld .....	541
<b>The Freon Test: A New Sensitive Technic for the Detection of Small Cardiac Shunts.</b> Kurt Amplatz, Robert F. Jeffery, Fredarick L. Gobel, Yang Wang, Gary E. Gathman, James H. Moller, and Russell V. Lucas .....	551
<b>BOOK REVIEWS</b> .....	557
<b>NEWS FROM THE AMERICAN HEART ASSOCIATION</b> .....	559

## No. 5 (May)

## ORIGINAL ARTICLES:

<b>Pathology of the Conduction System in Cardiac Rejection.</b> Charles P. Bieber, Edward B. Stinson, and Norman E. Shumway .....	567
<b>Single (Primitive) Ventricle.</b> Maurice Lev, Richard R. Liberthson, James R. Kirkpatrick, Friedrich A. O. Eckner, and René A. Arcilla .....	577
<b>Aorta to Right Pulmonary Artery Anastomosis (Waterston's Operation) for Cyanotic Heart Disease.</b> Jane Somerville, M. Yacoub, D. N. Ross, and K. Ross .....	593
<b>Subpulmonic Obstruction in Complete (d) Transposition Produced by Redundant Tricuspid Tissue.</b> Thomas A. Riemenschneider, Stanley J. Goldberg, Herbert D. Ruttenberg, and Michael T. Gyepes .....	603
<b>Possible X-Linked Congenital Heart Disease.</b> Patricia L. Monteleone and Leonard F. Fagan .....	611
<b>Diagnosis of Atrial Tumors by Ultrasound.</b> Stanley B. Wolfe, Richard L. Popp, and Harvey Feigenbaum .....	615
<b>Hemodynamic Effects of Nitroglycerin, Propranolol, and Their Combination in Coronary Heart Disease.</b> Leslie Wiener, Edward M. Dwyer, Jr., and J. William Cox .....	623
<b>Impaired Maximal Exercise Performance with Hypertensive Cardiovascular Disease.</b> Hee Ong Wong, Irwin S. Kasser, and Robert A. Bruce .....	633
<b>Effects of Breathing 10 Per Cent Carbon Dioxide on the Pulmonary Circulation of Human Subjects.</b> K. H. Kilburn, T. Asmundsson, R. C. Britt, and R. Cardon .....	639
<b>The Dicrotic Arterial Pulse.</b> Gordon A. Ewy, Jorge C. Rios, and Frank I. Marcus .....	655

(Continued)

<b>Assessment of Pulmonary Photoscanning and Angiography in Experimental Pulmonary Embolism.</b> Kenneth M. Moser, Paul Harsanyi, George Rius-Garriga, Michel Guisan, Glen A. Landis, and August Miale, Jr. ....	663
<b>Long-Term Effects of Clofibrate (Atromid-S) on Serum Lipids in Man.</b> Donald B. Hunninghake, Donald R. Tucker, and Daniel L. Azarnoff ..	675
<b>Salivary Sodium-Potassium Ratio and Plasma Renin Activity in Hypertension.</b> E. Victor Adlin, Bertram J. Channick, and Allan D. Marks ..	685
<b>Gamma-Glutamyl-Transpeptidase in Myocardial Infarction: Clinical and Experimental Studies.</b> Kurt G. Ravens, Sigmundur Gudbjarnason, Charles M. Cowan, and Richard J. Bing .....	693
<b>Hypertension and Cerebral Atherosclerosis.</b> A. B. Baker, Joseph A. Resch, and Ruth B. Loewenson .....	701
<b>BOOKS RECEIVED</b> .....	711
<b>NEWS FROM THE AMERICAN HEART ASSOCIATION</b> .....	713

## No. 6 (June)

**HISTORICAL NOTE:**

<b>Robert James Graves, Physician, Educator, Scientist.</b> Richard W. Whitehead .....	719
--	-----

**ORIGINAL ARTICLES:**

<b>Lymph Circulation in Congestive Heart Failure: Effect of External Thoracic Duct Drainage.</b> Marlys Hearst Witte, Allan E. Dumont, Roy H. Clauss, Bertha Rader, Norman Levine, and Ernest S. Breed ..	723
<b>Hemodynamic Accompaniments of Angina: A Comparison During Angina Induced by Exercise and by Atrial Pacing.</b> Kevin P. O'Brien, Lawrence M. Higgs, D. Luke Glancy, and Stephen E. Epstein .....	735
<b>Reversible Cardiac Failure During Angina Pectoris: Hemodynamic Effects of Atrial Pacing in Coronary Artery Disease.</b> John O. Parker, J. Rodney Ledwich, Roxroy O. West, and Robert B. Case .....	745
<b>Comparative Effects of Aging and Coronary Heart Disease on Submaximal and Maximal Exercise.</b> Irwin S. Kasser and Robert A. Bruce .....	759
<b>Cardiovascular Function in Children with Severe Anemia.</b> Gerd J. A. Cropp .....	775
<b>Hemodynamic Changes During Sleep in Hypertensive Patients.</b> Ibrahim M. Khatri and Edward D. Freis .....	785
<b>Cardioversion of Supraventricular Tachycardias.</b> Carlos Vassaux and Bernard Lown .....	791
<b>Quantitative Methods for the Recognition of Atrioventricular Junctional Rhythms in Atrial Fibrillation.</b> John R. Urbach, Jacob J. Grauman, and Sandor H. Straus .....	803
<b>Alternate Patterns of Premature Ventricular Excitation During Induced Atrial Bigeminy.</b> Stafford I. Cohen, Sun H. Lau, Benjamin J. Scherlag, and Anthony N. Damato .....	819

(Continued)

# CONTENTS OF VOLUME XXXIX

ix

<b>Regional Ventilation in the Differential Diagnosis of Pulmonary Embolism.</b> Jose R. Medina, Philippe L'Heureux, James P. Lillehei, and Merle K. Loken .....	831
<b>Large Anomalous Fibrous Sac in the Right Side of the Heart.</b> R. D. Sutherland, Paul Stanger, A. R. W. Climie, Michael H. F. Quinn, and Jesse E. Edwards .....	837
<b>Congenital Aneurysm of the Pulmonary Sinus of Valsalva.</b> David L. Page and Gary M. Williams .....	841
<b>Sound Spectrographic Diagnosis of Aortic Ball Variance.</b> John C. Hylen, Frank E. Kloster, Rodney H. Herr, Albert Starr, and Herbert E. Griswold .....	849
<b>Scalar Amplitude Measurements of Data Recorded with Cube and Frank Leads from Normal Children.</b> E. Raymond Borua, Samuel O. Sapin, and Stanley J. Goldberg .....	859
<b>BOOK REVIEWS</b> .....	871
<b>NEWS FROM THE AMERICAN HEART ASSOCIATION</b> .....	875

# CIRCULATION

VOLUME XXXIX

JANUARY-JUNE, 1969

## SUBJECT INDEX

### A

**Acetyl strophanthidin**  
cardioversion of supraventricular tachycardias, 791

**Acidosis**  
effects of breathing 10% carbon dioxide on pulmonary circulation, 639

**Adams-Stokes disease.** *See* Stokes-Adams disease

**Adrenal adenoma**  
salivary sodium-potassium ratio and plasma renin activity in hypertension, 685

**Adrenaline (epinephrine)**  
increased sympathetic nerve activity following resection of coarctation of the thoracic aorta, 345

**Adrenocortical steroids**  
overweight and hypertension, 403

**Aging**  
comparative effects of coronary heart disease and, on submaximal and maximal exercise, 759  
diogoxin metabolism in the elderly, 449

**Aldosterone**  
salivary sodium-potassium ratio and plasma renin activity in hypertension, 685

**Amyl nitrite**  
sound-pressure correlates of the aortic ejection sound, 475

**Anastomosis**  
aorta to right pulmonary artery anastomosis (Waterston's operation) for cyanotic heart disease, 593

**Anemia**  
cardiovascular function in children with severe anemia, 775  
hemodynamic response to chronic, 503

**Aneurysmectomy**  
post-traumatic aneurysm of the left ventricle, 101

**Aneurysms**  
congenital aneurysm of the pulmonary sinus of Valsalva, 841  
post-traumatic aneurysm of the left ventricle, 101

**Anger scintillation camera**  
rapid sequential visualization of heart and great vessels, 19  
regional ventilation in pulmonary embolism, 831

**Angina pectoris**  
aging, coronary heart disease, and exercise, 759  
effects of propranolol and isosorbide dinitrate on exercise performance and adrenergic activity, 157  
hemodynamic accompaniments, comparison during angina induced by exercise and by atrial pacing, 735  
reversible cardiac failure; hemodynamic effects of atrial pacing in coronary artery disease, 745

**Angiocardiography**  
effect of ventricular extrasystoles on closure of mitral valve, 197  
Freon test for detection of small cardiac shunts, 551

quantitative  
relationship of increased left atrial volume and pressure to abnormal P waves on ECG, 339

**Angiography**  
assessment of pulmonary photoscanning and angiography in experimental pulmonary embolism, 663

coronary  
sound-pressure correlates of the aortic ejection sound, 475

pulmonary  
feasibility of pulmonary embolectomy, 523  
radioisotope-angiography following injection of technetium-99m, 19

**Angiotensin**  
diminished baroreflex sensitivity in high blood pressure, 48

Stouffer Prize and, 3

**Animals**

dogs  
cardioversion and digitalis; effect of beta adrenergic blockade, 29  
gamma-glutamyl-transpeptidase in myocardial infarction, 693  
pathology of conduction system in cardiac rejection, 567  
reproducible model of cardiogenic shock, 205  
immunological tolerance in organ transplantation, 5

**Anisotropy**  
anatomic basis for high-frequency components in ECG, 531

**Antigens**  
immunological tolerance in organ transplantation, 5

**Antihypertensive drugs**  
pharmacodynamic effects of Catapres (ST-155), 219

**Aorta**

coarctation of  
congenital heart disease in Taiwan, 251  
to right pulmonary artery anastomosis (Waterston's operation) for cyanotic heart disease, 593  
thoracic  
increased sympathetic nerve activity following resection of coarctation of, 345

**Aortic stenosis**  
sound-pressure correlates of the aortic ejection sound, 475

**Aortic valve**

insufficiency  
corrected transposition of the great vessels in 73-year-old man, 96  
possible X-linked congenital heart disease, 611  
sound-pressure correlates of the aortic ejection sound, 475  
sound spectrographic diagnosis of aortic ball variance, 849  
valvar and supra-valvar stenosis  
congenital heart disease in Taiwan, 251

**Arrhythmias**

- A-V junctional rhythms in atrial fibrillation, 803
- cardioversion and digitalis, effect of beta adrenergic blockade, 29
- cardioversion of supraventricular tachycardias, 791
- familial occurrence of syndrome of mid-late systolic click and late systolic murmur, 327
- intractable
  - permanent pacing in absence of heart block, 189
- pathology of conduction system in cardiac rejection, 567

**Arteries**

- degenerative hyperelastosis
- tortuosity and lengthening of the arteries in early childhood, 109
- dysplasia of systemic and pulmonary arterial system with tortuosity and lengthening of arteries, 109

**Arteriography**

- hemodynamics and coronary blood flow in coronary artery disease, 139

**Arteriosclerosis**

- angiotensin, 3
- obliterative arterial disease
  - exercise and intermittent claudication, blood flow in calf muscle during walking studied by Xenon-133 clearance method, 353

**Ashkenazy Jews**

- coronary arteries in three ethnic groups, 541

**Asian countries**

- congenital heart disease, 251

**Atherosclerosis**

- "Atherosclerosis: an Impossible Mission?" Presidential Address by Jesse E. Edwards, 271
- cerebral
  - hypertension and, 701
- coronary arteries in three ethnic groups, 541

**Atrial balloon septostomy**

- subpulmonic obstruction in complete transposition produced by redundant tricuspid tissue, 603

**Atrial fibrillation**

- atrioventricular junctional rhythms, 803

**Atrial flutter**

- cardioversion of supraventricular tachycardias, 791

**Atrial pacing**

- catheter technique for recording His bundle activity in man, 13
- hemodynamic accompaniments of angina, 735
- recording of specialized conducting fibers using electrode catheter technic, 435
- reversible cardiac failure; hemodynamic effects of atrial pacing in coronary artery disease, 745
- study of A-V conduction using electrode catheter recordings of His bundle activity, 287
- study of heart block using His bundle recordings, 297

**Atrial septal defect**

- fibrous sac in right side of heart, 837

**Atrioventricular block**

- autopsy findings with permanent perivenous pacemakers, 495
- effect of intracardiac pacemaker therapy on cerebral blood flow and ECG in complete A-V block, 487
- hemodynamic response to transvenous pacing of patients with cardiac failure and, 64

**Atrioventricular conduction**

- electrode catheter recordings of His bundle activity, 287
- recording of specialized conducting fibers using electrode catheter technic, 435
- study of heart block using His bundle recordings, 297

**Atrioventricular junctional rhythms**

- in atrial fibrillation, 803

**Atrioventricular node**

- recording of specialized conducting fibers using electrode catheter technic, 435

**Atrium**

- anomalous fibrous sac, 837
  - bigeminy
    - alternate patterns of premature ventricular excitation, 819
  - compliance
    - nonrheumatic mitral insufficiency, 307
  - electrogram
    - recording of specialized conducting fibers using electrode catheter technic, 435
  - fibrillation
    - atrioventricular junctional rhythms in, 803
  - hypertrophy
    - relationship of increased left atrial volume and pressure to abnormal P waves on ECG, 339
  - left atrial disease
    - relationship of increased left atrial volume and pressure to abnormal P waves on ECG, 339
  - pacing. *See* Pacing and pacemakers
  - tachycardia
    - cardioversion of supraventricular tachycardias, 791
  - tumors
    - diagnosis by ultrasound, 615
  - vectorcardiograms
    - spatial parameters and shape factors of the normal atrial vectorcardiograms and its scalar components, 229
- Atromid-S**
- long-term effects of clofibrate (Atromid-S) on serum lipids in man, 675
- Atropine**
- study of A-V conduction using electrode catheter recordings of His bundle activity, 287
- Auscultation**
- Korotkoff sounds, 465
  - sound-pressure correlates of the aortic ejection sound, 475
- Autopsy findings**
- hypertension and cerebral atherosclerosis, 701
  - with permanent perivenous pacemakers, 495

**B****Baroreceptor reflex**

- diminished sensitivity in high blood pressure, 48

**Baroreceptors**

- increased sympathetic nerve activity following resection of coarctation of the thoracic aorta, 345

**Bedouins**

- coronary arteries in three ethnic groups, 541

**Beta adrenergic blockade**

- cardioversion and digitalis, 29

**Beta blockade**

- effects of propranolol and isosorbide dinitrate on exercise performance and adrenergic activity in angina pectoris, 157

**Bilateral bundle-branch block**

- study of heart block using His bundle recordings, 297

**Biomedical engineering**

- Advances in Biomedical Engineering and Medical Physics*, (ed. by Levine), 267

**Biventricular enlargement**

- anatomic basis for high-frequency components in ECG, 531

**Blood flow**

- cerebral
  - effect of intracardiac pacemaker therapy on ECG and, in complete A-V block, 487
- coronary
  - hemodynamics and, in man with coronary artery disease, 139
- effect of reserpine in Raynaud's phenomenon, 259
- regional
  - rapid sequential visualization of heart and great vessels using Anger scintillation camera, 19
- renal
  - effects of Catapres, new antihypertensive drug, 219

**Blood gas**

- dextran infusions in shock, 379

**Blood pressure**

- aging, coronary heart disease, and exercise, 759
- effect of intracardiac pacemaker therapy on cerebral blood flow and ECG in complete A-V block, 487
- hemodynamic response to chronic anemia, 503
- hypertension and cerebral atherosclerosis, 701
- Korotkoff sounds, observations on pressure-pulse changes underlying their formation, 465
- overweight and hypertension, 403
- severe anemia in children, 775

**Blood volume**

- hemodynamic response to chronic anemia, 503
- reproducible model of cardiogenic shock in the dog, 205
- severe anemia in children, 775

**Book reviews**, 267, 282, 711

- Advances in Biomedical Engineering and Medical Physics* (Levine, ed.), 267
- Cardiac Function in Health and Disease* (Marshall and Shepherd), 557
- Circulation in Skeletal Muscle* (Hudlická, ed.), 423
- Clinical Physiology* (Campbell, Dickinson, and Slater, eds.), 557
- Coronary Circulation in the Normal and the Pathologic Heart* (Baroldi and Scmazzone), 268
- Diary of a Heart Patient (Twice Operated on by Dr. DeBakey, a Patient Tells of His Experience)* by Kesten, 558
- Essentials of Cardiology* (Owen, Stretton, and Vallance-Owen, eds.), 423
- Grundlagen der Dynamik des Arterienpulses* (Wetterer and Kenner), 424
- The Neonate with Congenital Heart Disease* (Rowe and Nehrizi), 267
- A Technic for Extracorporeal Circulation* (Stofer), 426
- Treatment of Hemorrhagic Disorders* (Ratnoff, ed.), 424
- X-ray Diagnosis of Congenital Cardiac Disease* (Elliott and Schiebler), 425

**Brain**

- effect of intracardiac pacemaker therapy on cerebral blood flow and ECG in complete A-V block, 487

**Bundle-branch block**

- analysis of the orthogonal ECG and VCG in ventricular conduction defects with and without myocardial infarction, 243

**bilateral**

- study of heart block using His bundle recordings, 297

- premature ventricular excitation, 819

**Burton's index**

- temperature of great toe and shock, 131

**B-vector**

- measurements and simplified interpretation of magnetocardiograms, 395

**C****Carbon dioxide**

- effects of breathing 10% carbon dioxide on pulmonary circulation, 639

**Cardiac function**

- effect of ventricular extrasystoles on closure of mitral valve, 197

**Cardiac index**

- anemia in children, 775
- during and after dextran-40 infusions in shock, 379

**Cardiac output**

- effects of breathing 10% carbon dioxide on pulmonary circulation, 639
- hemodynamic changes during sleep in hypertensive patients, 785
- hemodynamic comparison of dopamine and isoproterenol in patients in shock, 361
- hemodynamic response to chronic anemia, 503
- pharmacodynamic effects of new antihypertensive drug, Catapres (ST-155), 219
- rapid sequential visualization of heart and great vessels using Anger scintillation camera, 19
- reproducible model of cardiogenic shock in the dog, 205
- severe anemia in children, 775

**Cardiogenic shock**

- reproducible model of, in the dog, 205

**Cardiology**

- Essentials of Cardiology* (Owen, Stretton, and Vallance-Owen, eds.), 423

**Cardiovascular regulation**

- diminished baroreflex sensitivity in high blood pressure, 48

**Cardiovascular system**

- rapid sequential visualization of the heart and great vessels using Anger scintillation camera, 19

**Cardioversion**

- digitalis and; effect of beta adrenergic blockade, 29
- of supraventricular tachycardias, 791

**Carotid artery**

- disease
  - thermistor recording of forehead skin temperature as index of, 126

**Carotid sinus massage**

- catheter technique for recording His bundle activity in man, 13

**Catapres**

- pharmacodynamic effects of antihypertensive drug, 219

**Catecholamines**

- cardioversion and digitalis; effect of beta adrenergic blockade, 29
- effect of reserpine in Raynaud's phenomenon, 259

- effects of propranolol and isosorbide dinitrate on exercise performance and adrenergic activity in angina pectoris, 157
- urinary
  - acute metabolic responses to myocardial infarction, 171
- Catheterization**
  - diagnosis of atrial tumors, 615
  - hemodynamic response to transvenous pacing in patients with atrioventricular block and cardiac failure, 64
  - hemodynamics and coronary artery disease, 139
  - left heart
    - sound-pressure correlates of the aortic ejection sound, 475
  - mitral stenosis
    - hemodynamic results of instrumental and digital valvotomy, 317
  - premature ventricular excitation during induced atrial bigeminy, 819
  - rapid sequential visualization of heart and great vessels using Anger scintillation camera, 19
  - recording of specialized conducting fibers using electrode catheter technique, 435
  - study of A-V conduction using electrode catheter recordings of His bundle activity, 287
  - study of heart block using His bundle recordings, 297
  - technique for recording His bundle activity in man, 13
- Cerebrovascular disease**
  - forehead temperature and carotid artery disease, 126
- Chiari's network**
  - large anomalous fibrous sac in right side of heart, 837
- Children and infants**
  - aneurysm of pulmonary sinus of Valsalva, 841
  - cardiovascular function in children with severe anemia, 775
  - scalar amplitude measurements of data recorded with cube and Frank leads from normal children, 859
  - tortuosity and lengthening of arteries, 109
  - type II hyperlipoproteinemia in mother and twins, 183
- Chloride retention**
  - pharmacodynamic effects of new antihypertensive drug, Catapres, 219
- Cholesterol**
  - long-term effects of clofibrate (Atromid-S) on serum lipids, 675
- Chordae tendineae**
  - ruptured
    - nonrheumatic mitral insufficiency, 307
- Chromosomal studies**
  - possible X-linked recessive inheritance, 611
- Chronotropism**
  - positive
    - hemodynamic effects of glucagon, 38
- Chylopericardium**
  - lymphopericardium with hypoproteinemia, 116
- Cine-film technic**
  - dynamic changes in left ventricular free wall thickness, 455
- Cineventriculography**
  - dynamic changes in left ventricular free wall thickness, 455
- Circle of Willis**
  - hypertension and cerebral atherosclerosis, 701
- Circulation**
  - Cardiac Function in Health and Disease* (Marshall and Shepherd), 557
  - Circulation in Skeletal Muscle* (Hudlická, ed.), 423
  - Coronary Circulation in the Normal and the Pathologic Heart* (Baroldi and Scmazzone), 268
  - exercise and intermittent claudication, 353
  - hemodynamic effects of hypovolemia, 55
  - hemodynamic response to chronic anemia, 503
  - lymph
    - in congestive heart failure, effect of external thoracic duct drainage, 723
  - microcirculation
    - dextran infusions in shock, 379
  - pulmonary
    - effects of breathing 10% carbon dioxide, 639
  - A Technic for Extracorporeal Circulation* (Stofer), 426
- Clinical studies**
  - Catapres, pharmacodynamic effects of new antihypertensive drug, 219
- Clofibrate (Atromid-S)**
  - long-term effects on serum lipids in man, 675
- Coarctation**
  - of thoracic aorta
    - increased sympathetic nerve activity following resection of, 345
- Cold**
  - vascular effects of cold, effect of reserpine in Raynaud's phenomenon, 259
- Complete transposition.** *See* Transposition of great arteries
- Computer analysis**
  - biventricular hypertrophy, from orthogonal electrocardiogram, 72
  - of cardiac arrhythmias
    - A-V junctional rhythms in atrial fibrillation, 803
  - of orthogonal ECG and VCG in ventricular conduction defects with and without myocardial infarction, 243
  - spatial parameters and shape factors of the normal atrial vectorcardiogram and its scalar components, 229
- Conduction**
  - aberrant ventricular
    - premature ventricular excitation, 819
- Conduction system**
  - alternating patterns of premature ventricular excitation during induced atrial bigeminy, 819
  - atrioventricular
    - electrode catheter recordings of His bundle activity, 287
    - study of heart block using His bundle recordings, 297
  - pathology of, in cardiac rejection, 567
  - recording of specialized conducting fibers using electrode catheter technic, 435
- Congenital anomalies**
  - aneurysm of pulmonary sinus of Valsalva, 841
  - congenital heart disease
    - in Taiwan, 251
  - corrected transposition of great vessels in 73-year-old man, 96
  - lymphopericardium and hypoproteinemia, intestinal loss of protein, and congenital defects of the lymphatic system, 116
  - single (primitive) ventricle, 577
  - X-Ray Diagnosis of Congenital Cardiac Disease* (Elliott and Schiebler), 425

**Congenital heart disease**

- aorta to right pulmonary artery anastomosis for cyanotic heart disease, 593
- in Asian countries, 251
- familial occurrence of the syndrome of mid-late systolic click and late systolic murmur, 327
- The Neonate with Congenital Heart Disease*, Rowe and Mehrizi. In series: *Major Problems in Clinical Pediatrics*, vol. V, edited by Schaffer, 267
- possible X-linked recessive inheritance, 611
- rapid sequential visualization of heart and great vessels using Anger scintillation camera, 19

**Congestive heart failure**

- aorta to right pulmonary artery anastomosis for cyanotic heart disease, 593
- autopsy findings with permanent pervenous pace-makers, 495
- hemodynamic effects of hypovolemia, 55
- hemodynamic response to transvenous pacing, 64
- lymph circulation in, 723

**Cor pulmonale**

- effects of breathing 10% carbon dioxide on pulmonary circulation, 639

**Coronary arteries disease**

- hemodynamic accompaniments of angina, 735
- hemodynamic effects of atrial pacing, 745
- hemodynamics and coronary blood flow in, 139
- in three different ethnic groups, 541
- tortuosity and lengthening of major arteries, 109

**Coronary heart disease**

- comparative effects of aging and, on submaximal and maximal exercise, 759
- coronary arteries in three ethnic groups, 541
- hemodynamic effects of nitroglycerin, propranolol, and their combination, 623
- impaired maximal exercise performance with hypertensive cardiovascular disease, 633
- mobile coronary services, 279

**Coronary insufficiency**

- in infants
- tortuosity and lengthening of major arteries, 109

**Creatinine clearance**

- digoxin metabolism in the elderly, 449

**Cyanotic heart disease**

- aorta to right pulmonary artery anastomosis (Waterston's operation) for, 593

**D****Death, sudden**

- feasibility of pulmonary embolectomy, 523

**Dermatoglyphic studies**

- possible X-linked congenital heart disease, 611

**Developmental patterns**

- coronary arteries in three ethnic groups, 541

**Dextran-40 infusions**

- sequential cardiorespiratory events during and after, in normal and shock patients, 379

**Dextro-transposition**

- complete repair of transposition of great arteries with pulmonary stenosis, 83

**Diagnosis**

- atrial tumors, by ultrasound, 615
- atrioventricular junctional rhythms in atrial fibrillation, 803

- maximal treadmill stress testing for cardiovascular evaluation, 517

**pulmonary embolism**

- assessment of pulmonary photoscanning and angiography, 663
- regional ventilation in pulmonary embolism, 831
- sound spectrographic diagnosis of aortic ball variance, 849

**X-Ray Diagnosis of Congenital Cardiac Disease**

(Elliott and Schiebler), 425

**Dicrotic arterial pulse, 655****Dietary factors**

- congenital heart disease in Taiwan, 251

**Digital plethysmogram**

- hemodynamic changes during sleep in hypertensive patients, 785

**Digitalis**

- digoxin metabolism in the elderly, 449
- intoxication
  - permanent pacing in absence of heart block, 189
  - study of A-V conduction using electrode catheter recordings of His bundle activity, 287
- toxicity
  - cardioversion and digitalis; effect of beta adrenergic blockade, 29
  - cardioversion of supraventricular tachycardias, 791

**Digoxin**

- metabolism in the elderly, 449

**Discriminant function analysis**

- computer diagnosis of biventricular hypertrophy, 72

**Dopamine**

- hemodynamic comparison of isoproterenol and, in patients in shock, 361

**Drugs**

- antihypertensive
  - Catapres (ST-155), 219

**Dye-dilution studies**

- Freon test for detection of small cardiac shunts, 551

**Dysplasia**

- of systemic and pulmonary arterial system with tortuosity and lengthening of arteries, 109

**E****Ebstein's anomaly of tricuspid valve**

- large anomalous fibrous sac in right side of heart, 837

**Echocardiography**

- diagnosis of atrial tumors by ultrasound, 615

**Edema**

 familial occurrence of syndrome of mid-late systolic click and late systolic murmur, 327  
 Korotkoff, observations on pressure-pulse changes underlying their formation, 465  
 sound-pressure correlates of aortic ejection sound, intracardiac sound study, 475  
 sound spectrographic diagnosis of aortic ball variance, 849
- Sphygmomanometry**  
 Korotkoff sounds, 465
- S-T segment depression**  
 aging, coronary heart disease, and exercise, 759  
 maximal treadmill stress testing for cardiovascular evaluation, 517
- Statistics**  
 problem of sample size, 431
- Stenosis**  
 mitral. *See* Mitral stenosis  
 pulmonary. *See* Pulmonary stenosis
- Stimulation**  
 premature atrial  
   recording of specialized conducting fibers using electrode catheter technic, 435
- Stokes-Adams disease**  
 autopsy findings with permanent pervenous pace-makers, 495  
 effect of intracardial pacemaker therapy on cerebral blood flow and ECG in complete A-V block, 487
- Stouffer Prize**  
 angiotensin and, 3
- Stress testing**  
 maximal treadmill stress testing for cardiovascular evaluation, 517
- Stroke index**  
 severe anemia in children, 775
- Supraventricular tachycardias**  
 cardioversion of, 791
- Surgery**  
 aorta to right pulmonary artery anastomosis (Waterston's operation) for cyanotic heart disease, 593  
 complete repair of transposition of great arteries with pulmonary stenosis, 83  
 mitral valve  
   hemodynamic results of instrumental and digital valvotomy in patients with mitral stenosis, 317  
   nonrheumatic mitral insufficiency, 307  
 pulmonary embolism  
   feasibility of pulmonary embolectomy, 523  
   subpulmonic obstruction in complete transposition produced by redundant tricuspid tissue, 603
- Sympathetic nerve activity**  
 increased, following resection of coarctation of thoracic aorta, 345
- Syndromes**  
 apical systolic click, late systolic murmur, and abnormal T waves, 1  
 mid-late systolic click and late systolic murmur, familial occurrence, 327
- Systemic vascular resistance**  
 severe anemia in children, 775
- Systoles**  
 effect of ventricular extrasystoles on closure of mitral valve, 197  
 familial occurrence of the syndrome of mid-late systolic click and late systolic murmur, 327  
 syndrome of apical systolic click, late systolic murmur, and abnormal T waves, 1

## T

- Tachycardias**  
 A-V junctional rhythms in atrial fibrillation, 803  
 cardioversion of supraventricular, 791
- Taiwan, Republic of China**  
 congenital heart disease, 251
- Temperature**  
 forehead temperature and carotid artery disease, 126  
 of great toe as indication of the severity of shock, 131
- Tension-time index**  
 hemodynamic accompaniments of angina, 735
- Tetralogy of Fallot**  
 aorta to right pulmonary artery anastomosis for cyanotic heart disease, 593
- Thoracic aorta**  
 increased sympathetic nerve activity following resection of coarctation of, 345

**Thoracic duct**

- lymph circulation in congestive heart failure, effect of external drainage of, 723

**Thromboembolism**

- Urokinase-Pulmonary Embolism Trial, 153

**Thrombophlebitis**

- feasibility of pulmonary embolectomy, 523

**Tolazoline**

- antihypertensive drug, Catapres, 219

**Tolerance induction**

- immunological tolerance in organ transplantation, 5

**Transfusions, exchange**

- severe anemia in children, 775

**Transpeptidase**

- gamma-glutamyl-transpeptidase in myocardial infarction, 693

**Transplantation**

- immunological tolerance, 5
- pathology of conduction system in cardiac rejection, 567

**Transposition of great arteries**

- with pulmonary stenosis
- complete repair, using new surgical technique, 83

**Transposition of the great vessels**

- complete
- subpulmonic obstruction produced by redundant tricuspid tissue, 603
- corrected, in a 73-year old man, 96

**Trauma, cardiac**

- post-traumatic aneurysm of the left ventricle, 101

**Tricuspid valves**

- autopsy findings with permanent pervenous pace-makers, 495
- Ebstein's anomaly
- large anomalous fibrous sac in right side of heart, 837
- insufficiency
- possible X-linked congenital heart disease, 611
- subpulmonic obstruction in complete transposition produced by redundant tricuspid tissue, 603

**Triglycerides**

- long-term effects of clofibrate (Atromid-S) on serum lipids, 675

**Triple valve replacement**

- sound spectrographic diagnosis of aortic ball variance, 849

**T-waves**

- syndrome of apical systolic click, late systolic murmur, and abnormal T waves, 1

**Tumors**

- atrial
- diagnosis by ultrasound, 615

**Tyramine**

- effect of reserpine in Raynaud's phenomenon, 259

**U****Ultrasound**

- diagnosis of atrial tumors, 615

**Uric acid**

- differential uric acid excretion in essential and renal hypertension, 121

**Urinary catecholamines**

- acute metabolic responses to myocardial infarction, 171

**"Urokinase-Pulmonary Embolism Trial," 153**

*Circulation, Volume XXXIX, June 1969*

**V****Valve replacement**

- sound spectrographic diagnosis of aortic ball variance, 849

**Valvotomy**

- mitral
- hemodynamic results of instrumental and digital valvotomy in patients with mitral stenosis, 317

**Vascular resistance**

- peripheral. *See* Peripheral vascular resistance
- systemic
- severe anemia in children, 775

**Vasoconstriction**

- effect of reserpine in Raynaud's phenomenon, 259

**Vasodilatation**

- hemodynamic response to chronic anemia, 503

**Vectorcardiography**

- analysis of orthogonal ECG and, in ventricular conduction defects with and without myocardial infarction, 243
- computer diagnosis of biventricular hypertrophy, 72
- scalar amplitude measurements of data recorded with cube and Frank leads from normal children, 859
- spatial parameters and shape factors of normal atrial vectorcardiogram and its scalar components, 229

**Ventilation**

- regional ventilation in the differential diagnosis of pulmonary embolism, 831

**Ventricles**

- aneurysm
- post-traumatic aneurysm of left ventricle, 101
- conduction defects
- analysis of orthogonal ECG and VCG in ventricular conduction defects with and without myocardial infarction, 243
- electrogram
- recording of specialized conducting fibers using electrode catheter technic, 435
- function curve
- cardiac failure during angina pectoris, 745
- large anomalous fibrous sac in right side of heart, 837
- premature ventricular excitation
- alternate patterns during induced atrial bigeminy, 819
- single (primitive) ventricle, 577
- tachycardia
- cardioversion and digitalis; effect of beta adrenergic blockade, 29
- volume
- rapid sequential visualization of heart and great vessels using Anger scintillation camera, 19

*See also* Left ventricle

**Ventricular septal defect**

- subpulmonic obstruction in complete transposition produced by redundant tricuspid tissue, 603

**Videodensitometry**

- effect of ventricular extrasystoles on closure of mitral valve, 197

**Vocational rehabilitation**

- work evaluation units, 283

**Volume**

- blood. *See* Blood volume

- plasma
- dextran infusions in shock, 379

### W

- Walking exercises**
  - intermittent claudication and, blood flow in calf muscle during walking studied by Xenon-133 clearance method, 353
- Waterston's anastomosis**
  - aorta to right pulmonary artery anastomosis for cyanotic heart disease, 593
- Weight reduction**
  - overweight and hypertension, 403

- Wenckebach phenomenon**
  - study of heart block using His bundle recordings, 297
- Work evaluation units, 283**

### X

- Xenon-133 clearance methods**
  - exercise and intermittent claudication, blood flow in calf muscle during walking, 353
  - regional ventilation in pulmonary embolism, 831
- X-rays**
  - X-ray Diagnosis of Congenital Cardiac Disease* (Elliott and Schiebler), 425
